vineetbaghelnice@gmail.com 

## PROFESSIONAL SUMMARY:

Attentive front-end developer with hands-on experience in building reusable components and highly responsive user interfaces by deploying React concepts and integration of API. Adept at improving frontend performance by testing & debugging codes to performance. Good interpersonal skills to build good working relationships.

## PROFESSIONAL EXPERIENCE:

### Tecmantras Solutions

ReactJs Developer | January, 2023 - Present

- Developed a **Chrome extension** integrated with Gmail's compose box and leveraged the power of **ChatGPT**, an AI language model, to automate email generation based on user input.
- Published and maintained the extension on the Chrome Web Store, allowing users to easily access and install the tool for their Gmail accounts.
- MEL is a software web application that manages the export/import of cargo in ship containers in Kuwait. Basically in this project I was worked on the API integration part. Use **Redux** for global state management.

### Nexgin Lab Pvt. Ltd.

Front End Developer | June, 2021 - December 2022

- Ability to create Reusable Components that can be utilized throughout the application.
- With the help of **React.lazy**, dynamic import component concept, we created multiple applications in a single React project and also used **React-Helmet** to dynamically update meta tags of related components.
- To avoid props drilling used **useContext Hook** to access data throughout the app.
- Created **custom Hooks** for reusing whenever requires.
- Used web repositories that help with code management and sharing local file changes with a remote repository like **Gitlab / Github**.
- Collaborate with senior developers for reviewing application requirements.

### Nexgin Lab Pvt. Ltd.

Digital Marketing Executive | October, 2020 - May, 2021

- Create images on **Canva Tool** for social media platforms.
- Maintain the **LinkRick** app's social media presence by posting messages and posts promotional images on social media platforms like Twitter, Facebook, Instagram, Pinterest, and LinkedIn.
- Worked on the Quora platform for consulting and providing information on the LinkRick app.
